# VEPRO eHEALTH Solutions

## VEPRO supports animal shelters in Austria

As part of the opening ceremony of the newly built animal shelter in 9400 Wolfsberg, VEPRO presented a check of € 25.000 to the Mayor of Wolfsberg, Hans-Peter Schlagholz. This enabled a large part of the interior of the shelter to be financed.

The shelter now offers our four-legged friends a real beautiful home. Including examination, treatment and quarantine rooms, it meets all modern requirements. In addition, up to 40 dogs and 80 cats can be accepted. With this donation we are happy to have made a social contribution to animal protection in this region and wish the animal shelter, the keepers and of course the animals all the best. May the placeable animals always find a good home with friendly and responsible people.
